`https://github.com/shinysocks/csc2210/tree/main/morsecoder`

morsecoder is a prototype for a game project to "gamify" decoding morse code from user input.

waiting for input

space pressed

start stopwatch + play tone

space released

record time + stop tone

time is dot?

true

false

space pressed

encode dot

encode dash

display encoded symbol

exit countdown

timeout

play back phrase and
output letter by letter
